

MESSAGE FROM THE CHAIR OF GOVERNORS

Since becoming a member of our Governing Body over five years ago, I have always been proud of the school's achievements and ethos and I was delighted to take over as Chair in June 2006.

The Governing Body is made up of volunteers from various parts of our community, who wish to help and support the school in its aims to develop, improve and succeed.

How we do this is by having regular Governing Body meetings where we review all aspects of the school's performance, discuss possible building and structural improvements, monitor finance, and generally make sure that the school is running smoothly and effectively.

Whenever we can, we also try to get involved in school life, for example by attending various events and going into school to chat to the children, parents and staff.

But underpinning all this is our desire to ensure that All Saints Church of England Infant School and Nursery Unit continues to be a welcoming and caring place where every child, every family and every member of staff really do matter. That is what makes the school successful - that is the All Saints Way and I am proud to be a part of it.

Beryl Knight

Chair of Governors
All Saints CofE Infants School & Nursery
